IET SA and NT Student Papers Night

Join us for the student paper night which doubles as the state finals of the Present Around the World (PATW) competition.

5:30pm - 9:30pm, Tuesday 23 October 2018

Engineers Australia SA
Level 11, 108 King William Street, Adelaide

Under the Joint Technical Program (JTP), the Institution of Engineering and Technology (IET) South Australia and Northern Territory Local Network is staging the Student Papers Night that forms the state final of the Present Around the World (PATW) competition. PATW is the IET's presentation competition for the final year student projects, recent graduates, apprentices and young professionals aged 18 to 30. The purpose of the competition is to give young engineers the opportunity to enhance their presentation skills, conveying complex technical information to mixed technical and non-technical audiences.

Each individual student presenter will be given 10 minutes for his or her presentation, and a maximum of 5 minutes allowed for questions. There will be a marking panel of three judges. Results will be announced on the evening. The winner will receive a cash prize and the opportunity to present at the PATW National Final in 2019, the winner of which will present at Asia Pacific PATW Regional Final later in 2019. Second place will also receive a cash prize.

This event is free for all EA, IEEE, IET & TelSoc Members.
