CELEBRATING OUR CENTENARY

ENGINEERS AUSTRALIA

Understanding an Engineering Degree

An information session for people who recruit engineers

Join us for an information session for recruiters in all capacities which details different engineering qualifications and accreditations.

9.45 - 11.00am | Wednesday 4 September 2019

Hawken Auditorium
Level 1, 447 Upper Edward Street, Brisbane, QLD 4000

Stage 1 qualification, registration, Washington Accord, RPEQ, Masters, skills assessment – what exactly do all of these mean?

Engineers Australia will be hosting an information session to explain engineering qualifications and accreditations, where we will answer all of your burning questions.

Who makes up the engineering team?
How are qualifications assessed?
What do the acronyms mean?
What happens with overseas qualifications?
What accreditation is available for engineers?
What is RPEQ and who is eligible?
Who needs to be RPEQ?

This session is intended for recruiters of engineering positions, whether in-house or for a recruitment company. It will help ensure that the engineers you employ, have the necessary qualifications to achieve the accreditation and registration that they require.

TICKETS

All tickets are complimentary
