

5 ways we support our Office Bearers & Volunteers **online**

The Engineers Australia website www.engineersaustralia.org.au/volunteer-support hosts a range of resources to inform and assist our Office Bearers and Volunteers.

1

Office Bearer Induction and Training

Access an online induction tool with frequently asked questions, a checklist and details of training workshops. Additional guidance for senior office bearer roles is also available.

2

Benefits of Volunteering

Volunteering has benefits for both members and their employers. Discover the benefits, access resources for facilitating volunteer involvement and read success stories.

3

Descriptions of Roles and Responsibilities

Explore the varied opportunities for volunteer and office bearer involvement with Engineers Australia. Download formal role descriptions and discover the committees, boards, panels, chapters and other groups with which you can get involved.

4

Operational Guidance

Access tools to assist in: effective communication, meeting facilitation, representing Engineers Australia, financial processes and accountability, conference and event management and more.

5

Governance

Learn about the structure of Engineers Australia and our reporting processes. Download key documents including the Code of Ethics, Bye-Laws, Policies, Guidelines and more.
