

GUIDE TO RENEWING YOUR MEMBERSHIP 2011–2012

ENGINEERS
AUSTRALIA

RENEWING HAS NEVER BEEN EASIER

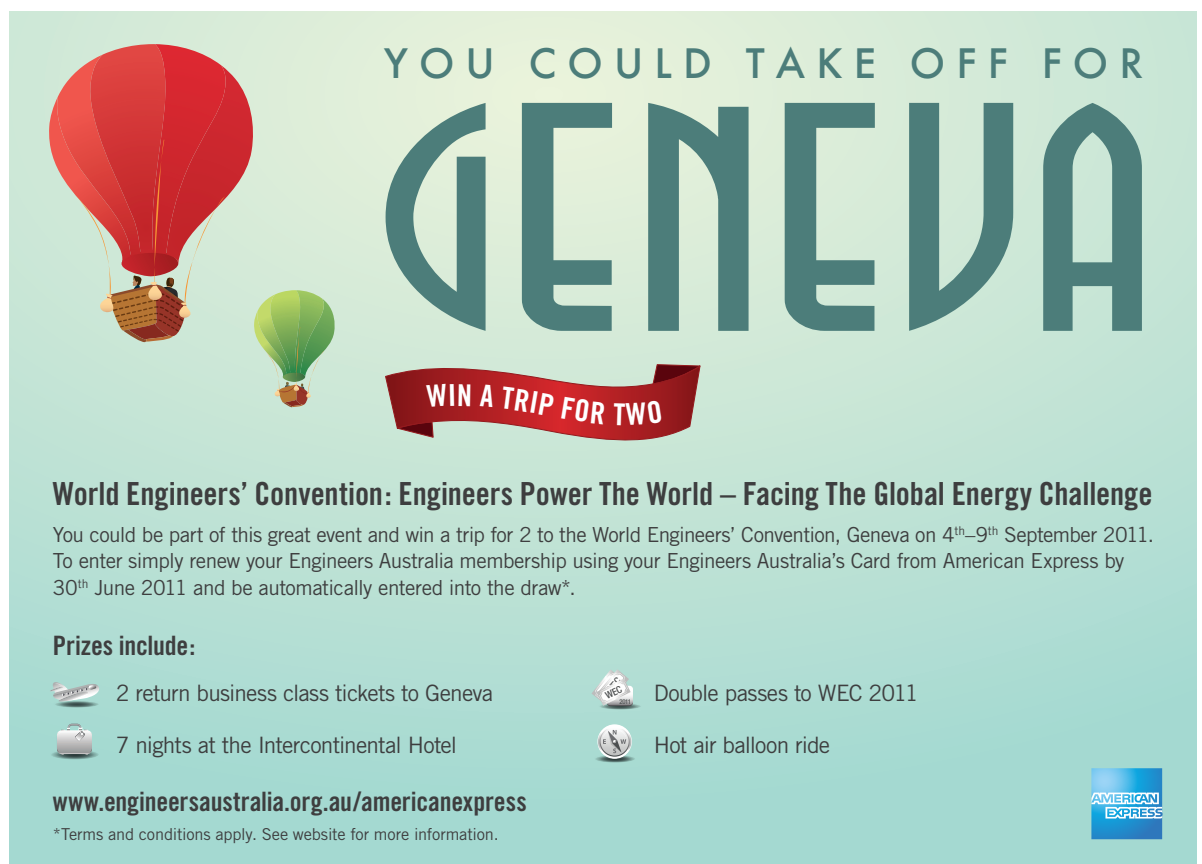

We want to make your 2011–2012 membership renewal as simple as possible. Before you renew, please take the time to read this guide and then complete your enclosed annual membership renewal invoice. Your membership card, which is enclosed, will only be valid upon payment of the enclosed invoice for membership.

WHY RENEW?

Membership to Engineers Australia offers a wide range of benefits – all designed to help you get the most from your engineering career. As a member, you get access to a range of exclusive and valuable benefits including:

- > **Professional Recognition** – Only as a member of Engineers Australia are you able to achieve Chartered Status, and be recognised as achieving and maintaining the highest standard of competence in engineering, in Australia, recognised globally.
- > **Information** – Members are kept up to date with technical developments and industry news through the Engineers Australia Magazine, eNews, and other communications with information specific to your location and career path. Plus through our online library, members receive free access to the best engineering resources in the world: Engineers Australia Journals, conference proceedings, technical papers, bibliographic references to news items, and engineering handbooks across all disciplines.
- > **Professional Development** – Members are provided with access to Australia's largest network of engineering practitioners, and discounts for a wide range of Continued Professional Development (CPD) activities designed to help you advance in your career. Engineers Australia's member-driven Colleges, Committees, Panels and Special Interest Groups host a wide range of CPD events including conferences, seminars, workshops, forums, eminent speaker tours and podcasts available to members at discounted rates. Engineers Australia also offers an extensive awards program which seeks to recognise the achievement and contribution of individuals and organisations in the engineering profession.
- > **Personal Development** – Members have access to a range of services to support their career progression, from soft skills training, careers advice and coaching, to Engineers Australia's recruitment service engteam.com.au
- > **Opportunity to Contribute** – Members also have the opportunity to give back to the profession through volunteering for office-bearer roles, presenting on engineering as part of our Schools Program, or by contributing to member forums.
- > **Technical Societies** – As a member you can also connect with others in your specialised field of engineering via our 27 Technical Societies. To view the 2011-2012 fees for your technical society. See pages 4–5.

More information about the benefits of membership can be found online at www.engineersaustralia.org.au/benefits

YOU COULD TAKE OFF FOR GENEVA

WIN A TRIP FOR TWO

World Engineers' Convention: Engineers Power The World – Facing The Global Energy Challenge

You could be part of this great event and win a trip for 2 to the World Engineers' Convention, Geneva on 4th–9th September 2011. To enter simply renew your Engineers Australia membership using your Engineers Australia's Card from American Express by 30th June 2011 and be automatically entered into the draw*.

Prizes include:

 2 return business class tickets to Geneva	 Double passes to WEC 2011
 7 nights at the Intercontinental Hotel	 Hot air balloon ride

ENGINEERS AUSTRALIA JOURNALS

Engineers Australia offers an exciting array of publications and journals. Keep up to date with what's happening in your area of practice and gain some fascinating insights into what's new in engineering in Australia and around the world.

Free Electronic Access for Members

Electronic Access to the Journals is free as part of your membership. This collection is not available to the general public and therefore offers you a unique, invaluable and comprehensive resource. The collection includes Engineers Australia's eight journals, conference proceedings, engineering handbooks, Ei Compindex database and more.

Access the collection online today via the Library Services option under the Member Services tab on the Engineers Australia website (Note: To access this collection, you must be logged into the website as a member). Technical Society members, who are not members of Engineers Australia, are not able to access these publications online at this stage.
