

NER Direct Applicant Self Assessment

Engineering Associate

DETAILS

Name

EA ID Number

Area/s of Engineering Requested

GIVE A BRIEF SUMMARY HOW YOU THINK YOU MEET THE ELEMENT OF COMPETENCE.

ELEMENT OF COMPETENCE

DEAL WITH ETHICAL ISSUES

Means you demonstrate an understanding of the ethical issues associated with your work or practice area, and how these are managed collectively by your organisation, project or team; and means you demonstrate an ability to identify ethical issues when they arise and to act appropriately

How do you meet the competency?

PRACTISE COMPETENTLY

Means you recognise the competencies and resources appropriate to engineering activities

How do you meet the competency?

DEVELOP SAFE AND SUSTAINABLE SOLUTIONS

Means that you apply current workplace health and safety requirements; and means that you recognise short and long-term implications of the engineering activities

How do you meet the competency?

IDENTIFY, ASSESS AND MANAGE RISKS

Means that you understand and operate within a hazard and risk framework appropriate to engineering activities

How do you meet the competency?

LOCAL ENGINEERING KNOWLEDGE

Means that you demonstrate the application of knowledge of local practices, materials, products and environmental plans

How do you meet the competency?
