Advocates on issues of importance, influencing public opinion and engagement with stakeholders and decision makers to provide leadership on behalf of the profession.

Manages enquiries, validates, processes, renews and assesses applications for EA membership, skills assessments, registration and credentials to support engineers throughout their career and uphold the standards of the profession.

Supports our growth ambitions and builds brand loyalty to deliver products, services and education for engineers at all stages of their career journey.

Provides exceptional experiences for members and customers to engage them in the engineering profession and support them to achieve their goals.

Upholds and evolves standards of engineering education and practice and to support mobility of engineers in the Australian and international contexts through our Professional Standards Framework. Collaborates with government, education and industry to strengthen the engineering workforce in Australia.

Promotes and guides our strategic direction and One EA culture, ensuring people are at the heart of how we operate, to create an exceptional employee experience and maximise our outcomes and impact.

Accountable for EA's data, technology and digital capabilities. Enables, guides and supports EA to achieve its purpose through technology and data.

Provides financial and risk management services, business partnering and reporting to EA and all subsidiaries, ensuring responsible and sustainable performance and growth.

Provides independent legal and business advice and robust systems of corporate governance to foster trust, accountability and transparency.
