**What we offer:**

We **support engineering businesses** by being by your link to a diverse set of skills, talent and trusted specialists that know and understand the **unique needs of engineering business owners**.

This combined with our core training, professional development & registration services can **give your business a competitive edge** in an increasingly globalised and ever-evolving marketplace.
Products & Services

**Build a credentialed workforce**
EA is the custodian of the sought-after Chartered credential and Engineering Executive (EngExec) credentials.

**Industry Insight**
EA provides data and insight into the engineering industry, and advocates for the importance of engineers and engineering matters to government.

**Awards and Recognition**
Celebrate outstanding achievement in engineering.

**Partner with EA**
Bespoke, strategically designed partnership initiatives.

**Graduate Program**
An 18-month innovative program designed to enhance the contribution of graduates within the workplace.

**Conferences**
EA hosts over 20 national and international conferences each year.

**Registered Training Organisation**
Customised training through Engineering Education Australia (EEA).

**Compliance**
The National Engineering Register (NER) provides assurance to consumers about a registered engineer’s capabilities.

**Jobs Board**
Promote graduate opportunities within your business.

**EngInsure**
Robust business insurance and risk solutions that protect assets and manage exposures for engineers.
