2018 CIVIL COLLEGE AWARDS
Recognising and celebrating Australian civil engineering achievements

SIR JOHN HOLLAND CIVIL ENGINEER OF THE YEAR AWARD
The Sir John Holland Award for Civil Engineer of the Year provides a high profile focus on engineering achievements and serves as both a showcase for civil engineering and a focus for young people interested in pursuing a career in engineering.

NOMINATION CRITERIA
The Award is presented to an eminent civil engineer considered to have made a significant contribution to the profession in one or more of the following areas:
• leadership in design
• leadership in construction
• service to the community
• involvement in major projects
• development of new technology/research
• leadership of an engineering organisation
• public profile
• service to the engineering profession
• the use of ecologically sustainable development in engineering

Nominations to include:
• a citation
• a curriculum vitae
• a portrait-orientation colour photo (to be used for promotional purposes)

TERMS AND CONDITIONS
The nominee must:
• be eligible for membership of Engineers Australia
• have been practising in Australia within the last two years
• be available for media interviews and speeches

PRESENTATION OF THE AWARD
The award consists of a unique sculpture and a framed certificate, which will be presented at an appropriate Engineers Australia event.

ROD MCGEE MEDAL
To recognise the contribution of Rod McGee to Australian public works engineering and durability, the Civil College Board created the Rod McGee Medal.

The Rod McGee Medal recognises final-year Civil Engineering students who seek to engage in public works engineering career opportunities, with one Award presented annually. Find out more information about Rod McGee

NOMINATION CRITERIA
Nominations to include:

- one page submission outlining your understanding of how Rod McGee’s engineering career helped his fellow citizens, through its recognition of durability in public works engineering
- one page submission describing your motivation of embarking on an engineering career, your final year project and how you imagine this work could benefit your fellow citizens in future
- academic record (transcript) to date
- written reference in support of the application from an appropriate academic staff member of the enrolling institution and
- a curriculum vitae detailing extra curricular activities and/or volunteer work

TERMS AND CONDITIONS
Award is open for: final-year, undergraduate students enrolled in Civil Engineering at an Australian university who are the Australian citizens or permanent residents

PRESENTATION OF THE AWARD
The recipient of the Rod McGee Medal will receive an engraved medallion, $2000 and a framed certificate to be presented at an appropriate Engineers Australia event.

WH WARREN MEDAL
The WH Warren Medal perpetuates the memory of Professor WH Warren, who was the first President of Engineers Australia. It is awarded annually for the paper selected by the Civil College Board as the best in the discipline of civil engineering.

NOMINATION CRITERIA
Nominations to include a paper that:
• is an original and innovative paper on a civil engineering subject
• was published between 21 August 2016 and 22 August 2017 in any of Engineers Australia’s journals, conference proceedings or any other document recognised as a formal Engineers Australia publication
• has no more than three authors, with at least one being a financial member of Engineers Australia

PRESENTATION OF THE AWARD
The Award consists of a framed certificate and an engraved medal and is presented at an appropriate Engineers Australia event.
