

ENGINEERS  
AUSTRALIA

**Chartered membership post-nominals (CPEng/CEngT/CEngA)  
'Relinquish' or 'Qualify' selection form**

---

Chartered members are expected to have 150 hours of CPD activities documented in any consecutive three-year period to verify they are maintaining their ongoing professional development (refer to Clause 6 and By law 14 of the Royal Charter).

If you are no longer able to meet this obligation, you must either:

- **relinquish** your Chartered post-nominal; or
- **qualify** your Chartered post-nominal.

Your registration on the National Engineering Register (NER) will also be removed.

If you choose to **relinquish** your Chartered title you will retain your Engineers Australia membership grade and relevant membership postnominal e.g. FIEAust/MIEAust TFIEAust/TMIEAust, AFIEAust/AMIEAust.

If you choose to **qualify** your Chartered title you will retain your Engineers Australia membership grade and relevant membership postnominal but you must use the descriptor (Ret) after your Chartered title (CPEng(Ret)/CEngT(Ret)/CEngA(Ret)).

You will receive a replacement membership certificate and, if selected, a replacement membership card.

**Please indicate your preference by placing a tick ✓ against the relevant box. Email your signed form to the Registration Team at [registration@engineersaustralia.org.au](mailto:registration@engineersaustralia.org.au).**

Relinquish my Chartered post nominal

Qualifying my Chartered postnominal with the descriptor (Ret)

Please send me an updated membership card reflecting my changed postnominals.
