

# Infrastructure Report Card 2010

## Australian Capital Territory

Engineers Australia, Canberra Division has released the ACT Infrastructure Report Card 2010 (on Tuesday 13 July 2010).

The report card rates infrastructure across the ACT and offers an impartial assessment using a grading system of A to F.

The report card has been compiled by leading experts across a range of engineering disciplines.

Copies of the report are available on line at [www.engineersaustralia.org.au/ircact](http://www.engineersaustralia.org.au/ircact) or printed copies are available for \$50.00 (GST included) using the order form below.
